A WORLD-CLASS CONCERT FOR ADVENT 2026 - AMOR Y PASIÓN

Before the concert:
Estelle Revaz on culture and society

Speaking especially to the Lengnau audience, Estelle Revaz talks about her experiences in her dual role as a National Councillor and an internationally active artist. Accompanied by her harpist, she presents a programme of great harmony.

Amor y Pasión

presents an original duo at the heart of Hispanic inspiration. Whilst the cello is considered the instrument that comes closest to the human voice, here it draws on the fairy-tale sounds of the harp to express its deepest emotions. A number of star composers bring this colourful programme to life. After all, who isn't familiar with Piazzolla's The History of the Tango or Gardel's famous film score Por una Cabeza? These key pieces enable the audience to discover lesser-known, yet no less exciting, composers such as Cassadó, Granados and Ginastera. The Amor y Pasión programme highlights the defining characteristics of Hispanic folk music, whether through heightened lyricism or powerful rhythms. It also offers an insight into the diverse cultures of South America. Tangos, love stories, gaucho legends… everything is in place for a fiery evening that will set hearts racing.

Doors open at 6.00 pm, with drinks served; the hall opens at approx. 6.30 pm
