VOYAGE AU RWANDA

Journey to Rwanda: a 360° talk and a dialogue on resilience

Tuesday 24 November 2026, 7:30 pm
Le Cinoche, rue du Clos 1, 2740 Moutier

What if we travelled to Rwanda for an evening? Par8 invites you to an immersive 360° talk, followed by a dialogue on the resilience of the Rwandan people and on African spiritual resources.

Michel Kocher and Tharcisse Semana will guide us through this encounter. They will introduce us to Ubuntu, an African philosophy centred on human interdependence, and to what it can teach us about how we build community, get through hardship and rise again together.

The talk is free of charge, and a collection will be taken at the exit.

With the support of Terre Nouvelle.
