BALUCHON OUVRE SA CAVE

Open House & Wine Tasting at Baluchon Vin Cellar

Settled in the heart of the medieval town of St-Ursanne since the summer of 2025, the Baluchon wine cellar is opening the doors of its tasting room—housed within a historic building—for the very first time.

To celebrate this opening, passionate winemakers will be on-site to share their craft and showcase their finest cuvées. Visitors will be able to enjoy a complimentary tasting of a wide selection from the catalog and try their luck in a raffle to win great bottles.

For a warm and convivial atmosphere, a traditional cauldron soup will be served throughout the day. The event is also the ideal opportunity to stock up ahead of the holiday season, as all featured wines will be available for direct purchase (while supplies last).
