MUSEUM, PORRENTRUY

JURASSICA - BOTANICAL GARDEN

The botanical garden, one of the oldest in Switzerland, is home to an impressive range of roses, cacti and carnivorous plants. The botanical collections are presented in thematic greenhouses, recreating a range of distinct environments – variety guaranteed! The magnificent outdoor area comprises flower and herb gardens with typical plant species from the Jura region. In the springtime, the flowering Irises offer an experience of rare beauty that should not be missed.
