GUIDED TOUR, STAINED GLASS WINDOWS

A tour of the stained glass windows in the Jura region is something different from other excursions, because it gives you time to recharge your batteries and get in touch with your inner self, provided of course that you're willing to spend some time on your own! As you admire the different working methods and styles over the centuries, this day-trip mixes instants of pure joy with more intimate moments spent in the peaceful setting of a church. An incomparable way to delight the eye and calm the soul.
