GUIDED CITY TOUR

GUIDED TOUR THROUGH MOUTIER

Founded by St-Germain around 640, Moutier is known worldwide for its exceptional know-how in the field of machine tools and for its religious and architectural heritage. Between churches, stained glass windows, administrative buildings, colleges, parks and other old buildings, one can see that the city has taken an active part in the writing of history and in the industrial, artisanal and artistic evolution of the region. The guided tour of Moutier enables visitors to learn more about the founding of the city and its evolution over the years.
