

GUIDED TOUR OF ST-IMIER, LAND OF ENERGY

An aerial photograph of a Swiss town, likely Lucerne, showing a prominent church tower with a green dome and a cross on top. The town is built on a valley floor, surrounded by steep, green hills. The church is the central focus, with its tower rising above the surrounding buildings. The town's architecture is typical of Swiss towns, with white walls and red-tiled roofs. The surrounding landscape is lush and green, with a clear blue sky in the background.
