

MUSEUM, NIDAU

MUSEUM IN THE CASTLE OF NIDAU

The exhibition impressively documents the meaning and purpose of political work and the chance to realize visions, the exhibition is exciting and informative in same time. It promotes understanding of a formidable achievement that has had an enduring impact on the landscape of the Seeland. Water corrections are important, but it is also important to realise the associated environmental dangers. This museum provides a great overview of the development of the Seeland.

GOOD TO KNOW

- Guided tours on request
- The correction of the Jura waters was a unique demonstration of human creative power. For the first time, it created the conditions for the successful social and economic development of the Three Lakes Region and thus laid the foundations for a far better quality of life.
