MONTOZ, RIDGETRAIL

With its summit at 1300m, the Montoz is the ideal place for hikers looking for panoramic views and beautiful landscapes. Like many mountains in the Jura, the Montoz is quite steep on both sides, but has a wider and flatter summit, for pleasant walks to admire the surrounding landscapes. The view from the Montoz extends to the Plaine and in good weather you can even see the Alps. To quench one's thirst and taste fresh regional products, many farmhouses are scattered on the Montoz.
