GUIDED CITY TOUR, MALLERAY-BÉVILARD

TOWER OF MORON

The majestic Moron Tower, designed by Mario Botta, stands at an altitude of 1,336 m above sea level. Built by apprentices from the Halles de Suisse Romande et de Sursee, the tower stands proudly in a green setting. During the guided tour of the tower, the visitor learns more about this remarkable construction, discovers its hidden aspects, its anecdotes, its history. This tour not only reveals the secrets of the Moron Tower, but also its environment, offering a panoramic view from the Ballon d'Alsace in the Vosges to the Alps and the Black Forest.
