# FARM CHEESE DAIRY OF THE FAMILY SOMMER

The milk is used for the creation of sheep and goat cheese in their own farm cheese dairy. In 2010, the international year of biodiversity, the farm won the silver medal at the Swiss competition "Biodiversity in agriculture". The family Sommer invites you, to visit their farm, to taste their different farm products and to participate in one of their different workshops.

## GOOD TO KNOW

- Four different workshops can be booked
- From milk to cheese
- Discover the sheep and goats on the farm, visit the cheese dairy and taste the different farm products
- Visit of the cheese dairy and degustation of the different farm products
- Discover the sheep and goats on the farm and taste the different farm products
