GORE VIRAT

Running down the Raimeux to arrive in the village of Corcelles, the Gore Virat stream offers walkers the opportunity to discover unsuspected landscapes. The start of the Gore Virat educational trail is reached by climbing the Crémines cart, then by crossing the pasture of the Trois Tilleuls plateau, which offers a breathtaking view of the valley. The steepness of the path requires a certain physical condition, but stairs have been built to facilitate the most complicated passages. In addition, wooden bridges allow you to contemplate the waterfalls without risk.
