LA TRACTION

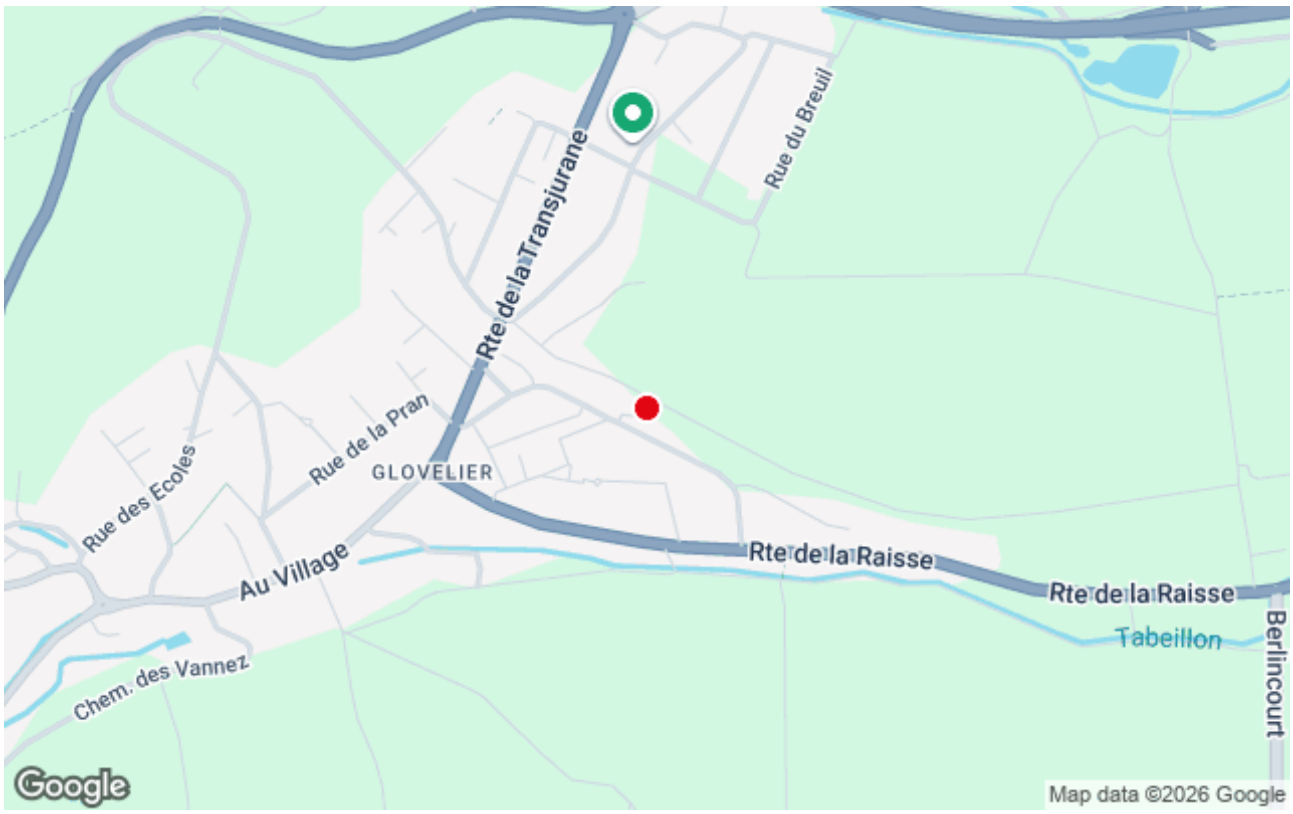

The steam locomotives and period carriages are kept in a depot close to Le Pré-Petitjean station in Montfaucon. At weekends it is quite common to meet enthusiastic volunteers overhauling, cleaning and maintaining the steel monsters there.
The steam train of the Franches-Montagnes can be booked in advance for groups but also runs on certain dates between June and September for the general public. The schedule for the current year can be found on the website of La Traction. Bookings can be made at the Chemins de fer du Jura. The most frequent route runs from Glovelier to Saignelégier.
