GUIDED CITY TOUR, BIEL/BIENNE

HYDROELECTRIC POWER PLANT HAGNECK

Around the power plant in Hagneck much emphasis is placed on the restoration. The fish ladder is unique in Switzerland and the alluvial forest is a nature reserve of national importance. During a guided tour, you will receive insight into the topic of hydropower and learn everything about the renaturalisation measures of the hydropower plants.

PRICES

Prices per Person

School kids	Free
Adults	CHF 9.-

GOOD TO KNOW

- On three diverse round tours you gain deep insight on either technical information (2 hours), nature (2 hours) or can opt for a shorter combined tour on both.
- Registration At least 7 days in advance.
