CULTURAL HERITAGE, SAINT-BLAISE

FOUNTAIN BY MARIO BOTTA

The famed Ticino architect left his mark at pretty Port de St-Blaise: a fountain featuring three impressive wheels. They represent the three zeros in the village's thousand-year history, celebrated in 2011. You'll discover Botta's work and 11 other historic fountains as you follow the Ruau stream through the village.

GOOD TO KNOW

- This visit can be combined with the "Twelve Fountains along the Ruau" walk. An ideal way to discover picturesque spots in the village of Saint-Blaise by following a fixed route along the course of the Ruau
