GUIDED CITY TOUR, NEUCHÂTEL

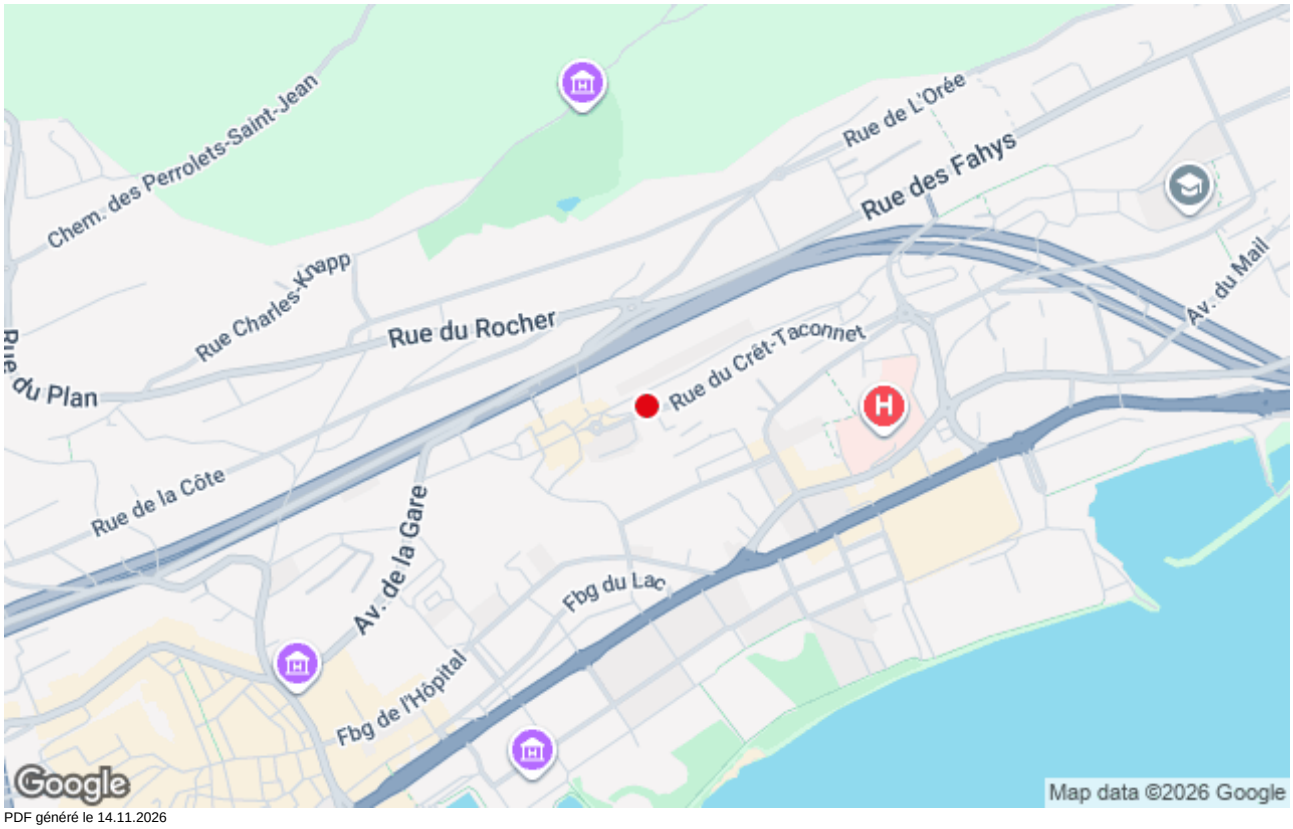

DIGITAL SUSTAINABILITY WALK

A digital walk focusing on energy and urban development: a chance to discover (or rediscover) the city from a new perspective. QR codes placed on the ten panels along the route reveal the energy-saving secrets of each building.

GOOD TO KNOW

- Before embarking on your digital walk, you can download the walk as PDF on your phone or print it out on paper.Make sure you have a detailed itinerary before you begin your walk
- 10 stations dotted along the route (2.4 km)
- Languages: French
- It is possible to do this tour during a guided bike tour in English, French, German or Italian. Information and booking with Madame Chevalley (contact below)
