WATCHES, LE LOCLE

# INTRODUCTION TO WATCHMAKING, "LE MONDE EST CARRÉ"

**Step into the shoes of a watchmaker – there's no better way to test your dexterity and patience! Learn the key operations involved in assembling a mechanical watch. Under the guidance of a passionate specialist, take your place at the workbench to uncover the secrets of watch assembly. In a small group of 1 to 5 people, you will take turns carrying out each step of the watch casing of an already assembled movement. An immersive and rewarding experience – whether you're on your own, as a pair, or in a small group.**
