WINES, CHEYRES

CHEYRES VINEYARD

Between Lake Neuchâtel and the slopes of Cheyres, the vineyard covers around 14 hectares. Located entirely in the canton of Fribourg, it is the only vineyard on the lake's southern shore. The lake and surrounding hills create a microclimate well suited to growing grapes. The wine trail winds through the vines and the village. Its information panels introduce the work of winegrowers throughout the seasons, the vineyard's history and its grape varieties. Along the way, visitors can enjoy views of Lake Neuchâtel and the Jura mountains.
A visit to the Cave de Cheyres offers a chance to continue the discovery with a tasting. Chasselas, Pinot Noir and other Cheyres AOC wines provide an introduction to local winemaking.

GOOD TO KNOW

- Wine trail: starts at the Salle communale de Cheyres; allow approximately 1 hour 30 minutes, including stops at the information panels. Trail information
- Wine tasting: at the Cave de Cheyres. Check current opening hours before visiting.
- Groups: a guided tour of the wine trail with a tasting is available by reservation for groups of at least 8 people.
