WATCHES, BIEL/BIENNE

THE WATCH ACADEMY BY CIMIER

In 2010, Montres CIMIER SA launches the WATCH ACADEMY by CIMIER and positions itself as a pioneer in offering this experience to the public.

Located in Bienne, the beating heart of top-of-the-range watchmaking, the CIMIER workshops welcome you for a spectacular horological adventure. From the introductory course to the creation and assembly of your own watch, our master watchmakers pass on their passion to you, while supervising your Masterpiece.

Three unique workshops, three programms to choose from: 3-hour workshop, half-day workshop, or full day workshop.
