

VACATION APARTMENTS, SAINT-BLAISE

L'EAU FORTE

In the millennium village of Saint-Blaise on the Neuchâtel lakeside, two lofts and a guest house are the ideal place for professional stays or holidays. Under the large roof of a former 17th century country house, these three different stylish spaces with private access are a mixture of ancient and contemporary, of comfort and intimacy.

A comfortable and cosy place in the antique whitened framework of the barn. Ideal for a single person (long stay) or a couple on holidays or weekend.

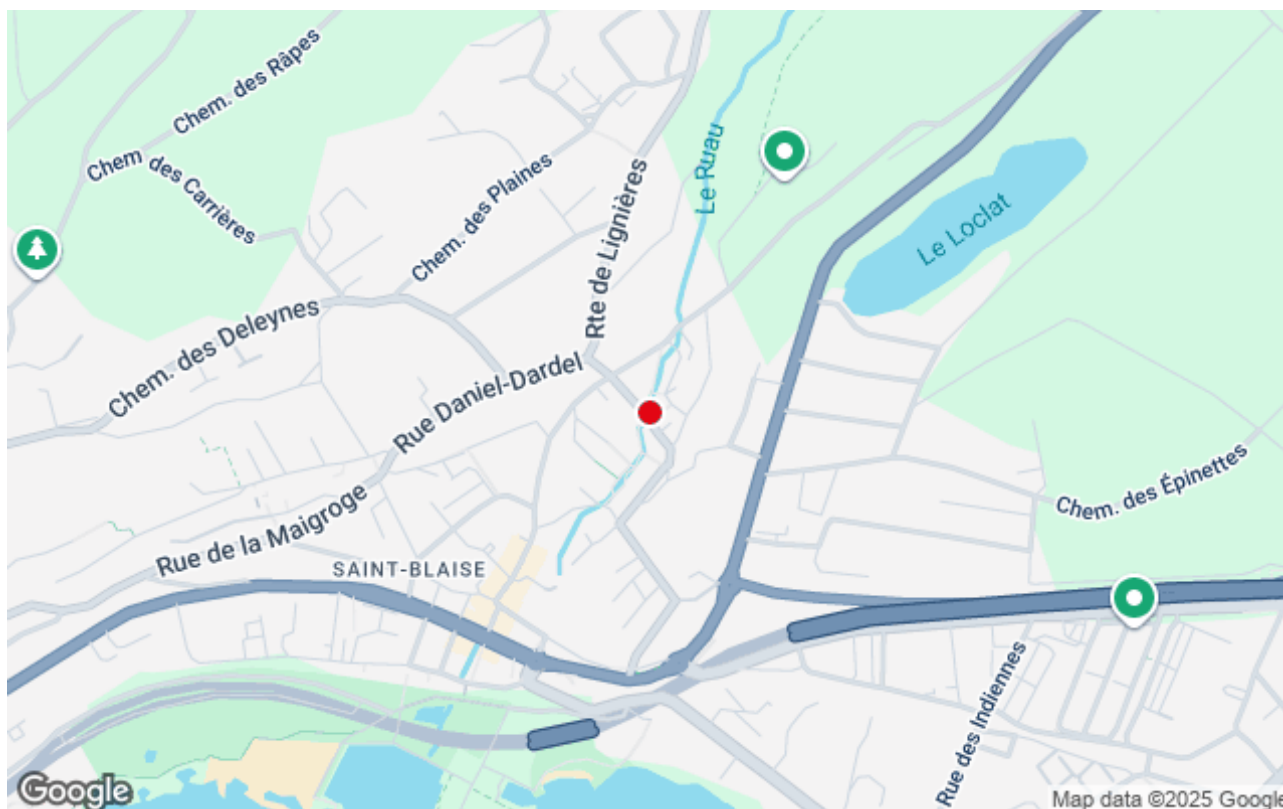

Access to the pergola and garden south-west of the house.
