

BED & BREAKFAST, SAINT-BLAISE

# L'EAU FORTE

In the millennium village of Saint-Blaise on the Neuchâtel lakeside, two lofts and a guest house are the ideal place for professional stays or holidays. Under the large roof of a former 17th century country house, these three different stylish spaces with private access are a mixture of ancient and contemporary, of comfort and intimacy. Breakfast on request.

Pretty bedroom with bathroom, ideal for short-time travellers or those wishing to discover the region for a few days.

Access to the pergola and garden south-west of the house.
