# SLED DOG RACES

Experience the summer version of sled dogs in Saignelégier this Saturday and Sunday. The teams perform on dry land, demonstrating coordination and energy in a unique setting. The Dannemarie Canine Club presents a truffle hunting demo, where trained dogs show off their extraordinary scent work.

Children and teens can try cani-walking: harnessed to a Siberian Husky, they set off for a guided walk through the Jura countryside. A chance to bond with the animal and enjoy the outdoors in a new way. Perfect for families, animal enthusiasts and anyone drawn to nature and adventure.
