FORTYS LITTLE MILL

Fortys Little Mill is a renovated 16th century mill and ranch. It houses 2 apartments, 7 beautiful and spacious exercise boxes for the horses, a small riding square and a roundpen for lessons.

On the grounds there is a small idyllic campsite, on which there are still a few free pitches. The teepee spreads the romance of the Wild West and the Indian air.

Fortys Little Mill offers trekking, guided rides, various courses, children's birthday parties and pony camps.
