LAKELIVE FESTIVAL

Every summer, the Lakelive Festival transforms the shores of Lake Biel into a vibrant world of music, encounters and summer joie de vivre. From 30 July to 8 August 2026, visitors can look forward to a diverse programme of live concerts, sports and cultural events right on the lake shore, where sunsets, water sports and good food are all part of the festival experience.

Across three stages, visitors will experience international stars such as Lenny Kravitz, Amy Macdonald and Macklemore, as well as regional talent and musical discoveries. The mix of pop, hip hop, Latin beats and more ensures a varied atmosphere and communal celebrations by the water.

Between concerts, terraces with lake views, local cuisine and chilled picnic areas invite visitors to linger. Families, groups of friends and music lovers immerse themselves in an open, relaxed atmosphere that combines a summery lifestyle with cultural exchange.
