DISTILLERIE DE L'ÉCHELETTE

With years of expertise, each of our spirits is the result of a meticulous selection of ripe, healthy, and exceptionally high-quality fruits.

You can harvest your own fruits and drop them into our barrels, buy them in crates from us, or even have us pick them directly in your orchard!
In addition to working with your harvests, we also take great pride in producing our own spirits – unique creations that will delight your taste buds and awaken your senses.

Curious to learn more? We offer guided tours with the opportunity to taste our entire range. An unforgettable sensory experience – come and share it with us!

GOOD TO KNOW
