LAKESPLASH - REGGAE OPENAIR FESTIVAL

The romantic and idyllic venue of the festival right on the lakeshore gives the openair this special “Jamaican holiday feeling”.

The guests are served some fine regional wines at the wine bar. The beer bar offers local brews, and the cocktail bar has the legendary reggae drink on the menu, among others. Those who are hungry will find regional specialities from the largest barbecue grill in Seeland.

The festival has been organised every year since 1998 and attracts around 3000 music fans. In recent years it was always sold out completely and has thus become not only an insider tip, but an exclusive treat.
