

TRADITION, MARKET, CRAFT, LE BOÉCHET

# LA DÉSALPE

About a dozen groups and wagons are involved in the unique and only cattle drive in the canton of Jura. This festive and folkloric event celebrates the descent of the cattle from the alpine pastures at the end of summer. One of the purposes is to bring the inhabitants of the cities and the rural areas together for a joint experience while they enjoy the festivities and everything the market has to offer.

## GOOD TO KNOW

- This traditional farming event is free to visit.
