

RESTAURANTS, RÉCLÈRE

HÔTEL-RESTAURANT DES GROTTES

Kick back on the terrace or in the dining room, and tuck into generous, seasonal food made entirely on our premises. Just a stone's throw from Préhisto-Parc and the Réclère Caves, the restaurant opens every day for hearty dining in friendly surroundings. In our kitchen, fresh produce is crafted carefully and creatively into simple but tasty dishes. Whether you're staying in the area or just passing through, we'd be delighted to welcome you.

We offer two dining options: a restaurant serving flavoursome, home-style meals prepared with care; and a snack bar right next to Préhisto-Parc offering quick and tasty bites. It doesn't matter if you're stopping for two minutes or two hours, we've got something appetising for you.
