THEATRE, CINEMA, SHOW, LA CHAUX-DE-FONDS

LA PLAGE DES SIX POMPES

For 30 years, the festival has been presenting a panorama of contemporary street art. The programme reflects the many and varied forms of shows created specifically for the street, across disciplines such as dance, theatre, acrobatics, fairground arts, mime, juggling, puppetry, visual arts and performance. It seeks to strike a balance between new and established artists, Swiss and international, avant-garde and traditional. Admission is free; artists are paid by the hat.
