FACTORY GAMES

Factory Games offers 3 escape rooms, 3 magical chests, 12 Escape Boxes and the activity Impostors, all designed to keep fans of teamwork and puzzles on the edge of their seats.

Escape rooms:

Gentleman Burglar (3 to 6 players)

(French/German/English)

Challenging and engaging, the “Gentleman Burglar” room puts players in the role of New York police inspectors tracking a famous pink diamond stolen from the Metropolitan Museum of Art. This room features no padlocks but requires strong teamwork to find the precious jewel hidden in a loft before time runs out.

Lucie (2 to 5 players)

(French/German/English)

Horror awaits you in the “Lucie” room at The Factory Escape Game. This room, with one of the largest budgets in the region, is the result of close collaboration between the design team, regional filmmakers and internationally renowned visual artists.

Guaranteed immersion and atmosphere for fans of the genre. Form your team of ghost hunters and come face Lucie and her puzzles, as tricky as they are ingenious.

Dinosauria by Biwi (2 to 6 players)

(French/German/English)

Will you manage to save the dinosaur egg about to hatch and preserve our only chance to bring dinosaurs back to life? We are counting on you – you are our last hope.

Large group activities:

Impostors (4 to 20 players)

(French/English)

Will you be the last survivor? Inspired by escape rooms, Impostors is an immersive strategy game where betrayal is the key. Earn points by solving puzzles and sabotage your opponents to become the ultimate winner. A unique challenge where stealth and bluffing are your best allies.

Escape Boxes

(French/English)

The venue also offers Escape Boxes, accommodating 2 to 60 players simultaneously.

They are the perfect blend between a traditional escape room and the famous mobile game “The Room”.

Do you enjoy competition? Come in teams and try to finish first. Or come with your regular team and aim to complete as many boxes as possible within one hour.

Magical chests:

The Bomb (2 to 4 players)

(French/English)

60 minutes to defuse the explosive device.

The Sorcerer’s Chest (2 to 4 players)

(French/German/English)

60 minutes to solve all the puzzles and recover the soul of the dark mage.

Fairy Tale (2 to 5 players)

(French/English)

60 minutes to help Merlin the wizard find the key to the treasure chest.
