MUSEUM, LAMBOING

GLASS CENTRE

The Zünd glassblowing workshop is located not far from the Douanne gorge. Visitors can see the artist at work, creating various glass objects, or make their own. Thanks to the colorful character of Reto Zünd, the workshop is lively and invigorating. It is true that this artist handles his art like no other! He finds his inspiration through nature and crafts. In the enchanting setting of the thousand and one glass objects, the restaurant offers fresh and seasonal cuisine. Vegetables from the garden, freshly picked mushrooms and fresh or smoked trout from the pond are the main dishes of the house. During the meal, the spectator is treated to a sumptuous demonstration of glass blowing.

PRICES

Price per group

See the artist Reto Zünd perform live	CHF 50.-
