

FUN & ADVENTURE, MAGGLINGEN

PUMP TRACK

In autumn of 2019, a pump track facility was opened on the premises of the Swiss Federal Office of Sport in Magglingen. The circuit consists of an asphalt runway and is laid out in endless loops, following many waves and curves and the natural conditions of the topography. The circuit can be used with non-motorised vehicles, such as mountain bikes, BMX bikes, kickboards or skateboards, the possibilities are manifold.

The facility can be used free of charge unless reserved for a group, and is suitable for beginners as well as experienced riders regardless of their age.

GOOD TO KNOW

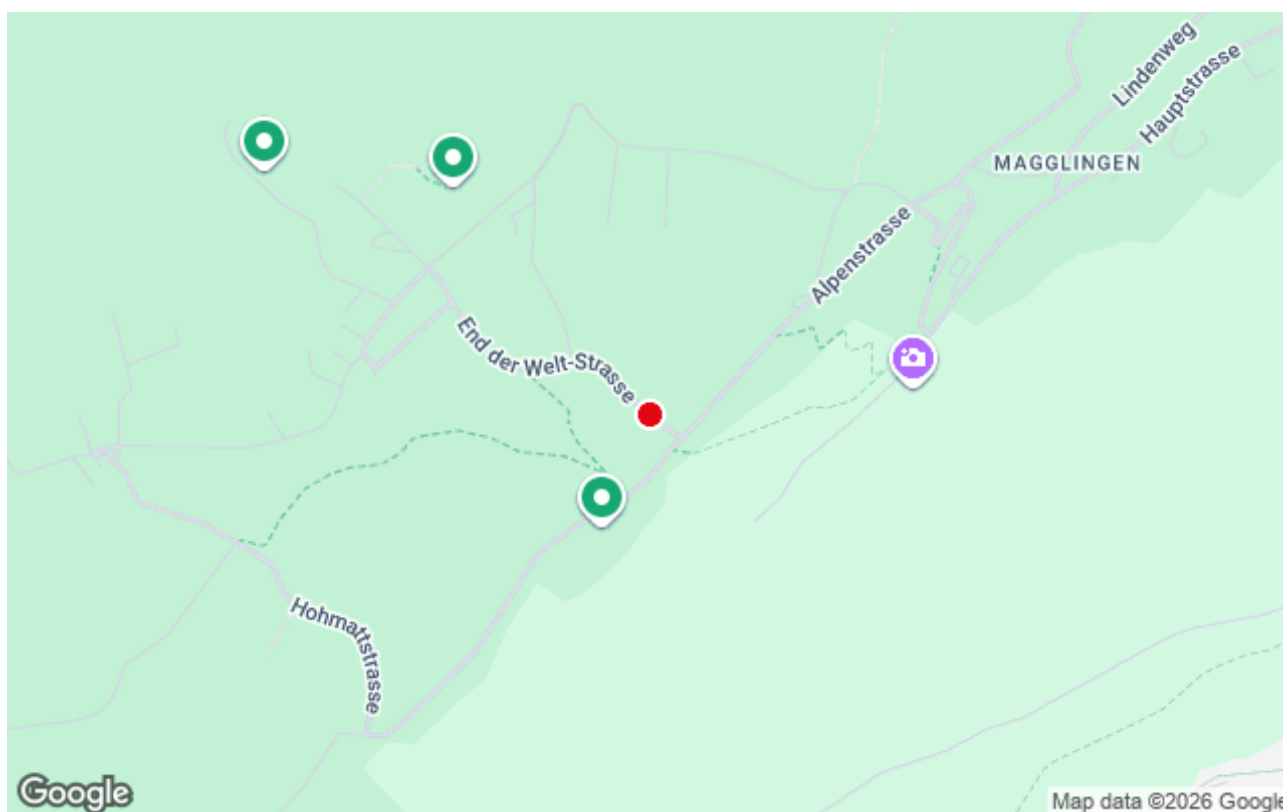

- To the northwest of the old sports hall (End der Welt-Str. 1). Midway between the Magglingen funicular (bike transport at a fee) to End der Welt.
- Wearing a helmet is compulsory and it is recommended to wear knee, wrist and elbow protectors.
