

ACTIVITÉS HIVERNALES, LES RASSES

# SAINTE-CROIX/LES RASSES SKI AREA

The Sainte-Croix/Les Rasses ski area has been welcoming holiday-makers in its hotels and holiday residences for over 100 years. At an altitude between 1,150 and 1,580 m, the resort has moderate slopes which are ideal for learning to ski safely with family or friends. There are nine ski lifts, including two for beginners. With the benefit of artificial snow, skiing is guaranteed from December to mid-March.

Les Rasses and Auberson Nordic Ski Areas are a paradise for cross-country skiing and snow-shoeing with stunning views over the Alps and Mont-Blanc.

The resort can be accessed by road and public transport from Yverdon-Les-Bains, after a picturesque ride on a panoramic train.

**COVID-19 measures :**

The Avattes (only when the ski lifts are open), Coucou and Planets restaurants offer drinks and hot meals to take away.

The car parks located at Les Rasses are reserved for skiers and cross-country skiers.

The cash desk "Couvert-Les Replans" is closed.
