REGIONAL PRODUCTS, SOUBOZ

SOUBOZ DISTILLERIE

Want to discover handcrafted spirits right at the source? The Souboz Distillery opens its wooden doors for guided tours with tastings, all in a friendly and relaxed atmosphere. We promise – we don't bite!

Founded by three passionate brothers, our distillery showcases the Jura terroir through natural, local creations distilled over a wood fire. Wild gentian, original gins, regional aperitifs – our spirits tell the story of the land. And now, we also offer a range of alcohol-free drinks. There's something for every taste!

What's on the program:
A tour of the premises, introduction to our still "Renée", insights into our production techniques, funny stories… and of course, a tasting to top it all off.
And to extend the experience, you have two delicious options:
– a regional apéro platter (Totché, cured sausage, cheese…)
– or a BIO Fran-Gin fondue served in our vaulted cellar.

Come say hi in Souboz – you won't regret it!
