WINES, TWANN

DOMAINE MÜRSET WINERY

Genuine quality wines depend on how they are grown in the vineyard. That is why the Mürset family attaches great importance to utmost care and gentle handling of the vines and nature in general.

The centrally located Trüel cellar of the Mürset family is a popular and charming event wine cellar. Individually designed supporting programmes such as vineyard walks and guided tours through Twann, the lake garden, as well as aperitifs in the vineyard are among the recommendations of the house. In the winter months, the famous Treberwurst sausage attracts numerous guests to the cosy Carnozet.
