

SPORT, VALLÉE DE DELÉMONT

BOLDAIR CHALLENGE

The Défi Boldair is a new race that can be completed on foot or by bike and will take place in the Delémont valley from April to October 2021. It is suitable for the whole family, but is also a challenge for good athletes participating on their own.

How do you take part?

The official route, 76 km long and with altitude differences of 2300 m, includes a total of 20 stations to validate the route. It can be completed in one or several days. Each participant who scans and validates a station will be entered into the final draw and the numerous intermediate draws.

There are also additional routes for cyclists, hikers and e-bikers to discover more routes and win a maximum of points and thus money in the final draw. This year, a special place has been dedicated to the children by creating 2 separate routes with question games.

What can you win?

The winner will receive CHF 1.00 per point collected on the route, i.e. CHF 5,000 for a maximum of 5,000 points. If the maximum number of points is not reached, the remaining amount is returned to the game to the delight of other winners. Surprise prizes will be raffled among all children who participate in the question games. They will also be entered into the final draw for the question category if they have answered correctly. For the bravest children, there is the opportunity to win points on the adult course and take part in the draw for the Défi Boldair in the children's category.

OPENING HOURS

From 1 Apr 2021 to 30 Oct 2021
