CHALET BELLEVUE

The Chalet is set in an idyllic location. It's main rooms have been refurbished and enlarged in 2014, to offer a warm and welcoming space for up to 4 persons with fine details (oak floors, original furniture, central heating). The magnificent view on the Chasseral Mountain and the garden give a relaxing atmosphere in the middle of the fields. Located at 1.200m of altitude, the Chalet is an ideal starting point for hikes, bike tours, cross country skiing or snowshoe tours. At the cross road of the Franches-Montagnes, Neuchâtel Mountains and Saint-Imier Valley, the Mont-Crosin region has a many opportunities to offer to sports fans, as well as excellent addresses with fine food.

A large Living space of 40m², equiped with a Swedish wood-burning stove, 2 comfortable bed-rooms with storage space, a fully equipped kitchen with dishwasher, and a small bathroom with shower, will give you ample space to relax and enjoy the charms of the region. The approximately 1000 m² garden offers the possibility to play outside or to relax, to eat under the pergola or even grill in the fireplace.
