NATURAL SITES, LA NEUVEVILLE

# WATERFALLS AT NEUENSTADT

**The lower basin is described as a "witches' bath" and it is popular with athletes. Above it is the "Lake of the Fairies", where the water laps into a pool that is more or less hidden. If you wish to discover other cascades, you should walk up to the "Combe du Pilouvi" woodland dingle, and this takes about 30 minutes.**

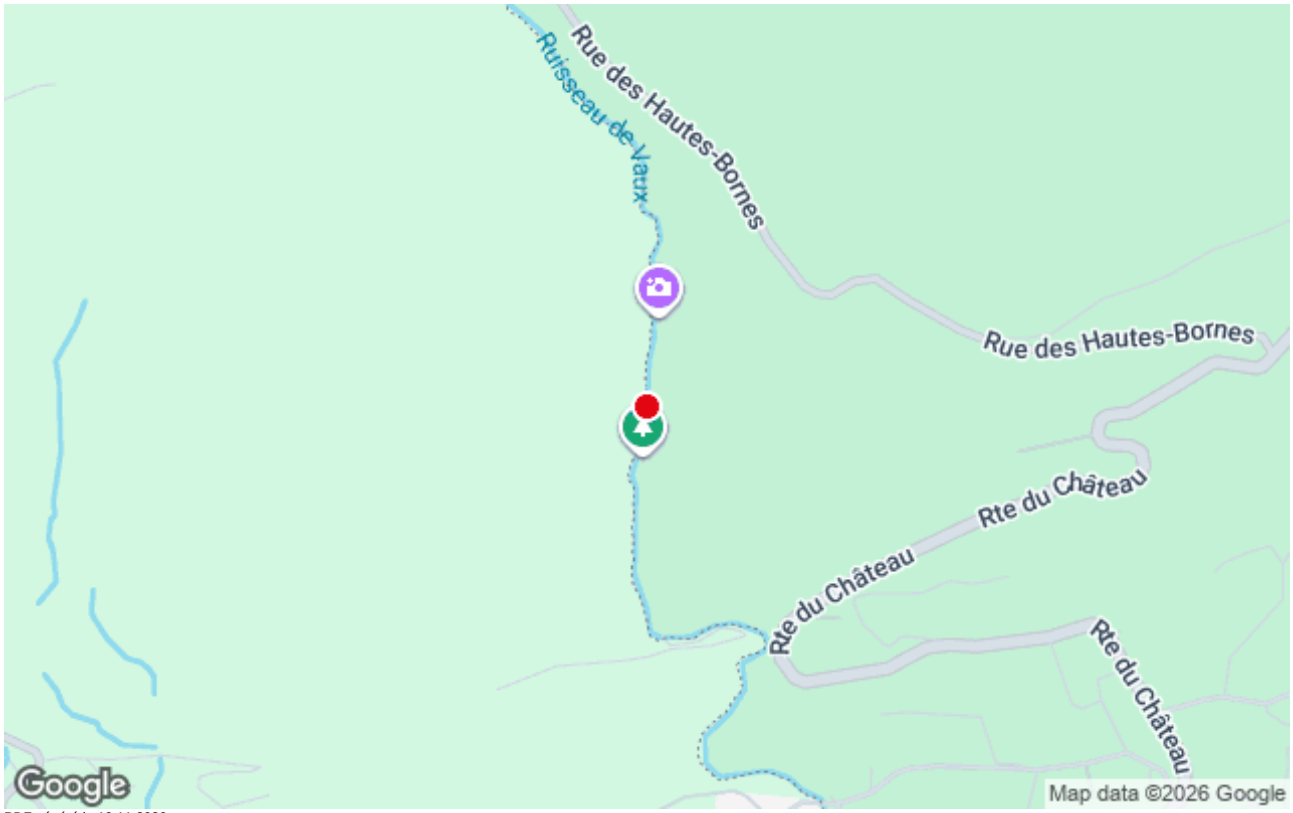

## GOOD TO KNOW

- Picnic areas available
