CAMPING, CHESEAUX-NORÉAZ

THE VD8 CAMPSITE

Holidays at the VD8 campsite are greatly prized. The proximity of Lake Neuchâtel with its beaches and gently sloping sandy coves make it a special place.

The campsite caters for tents, caravans and camping cars, and the shade of its pine trees provides a revitalizing change of scenery. With its restaurant and terrace, its well-stocked shop and a bar located right on the beach, the campsite is a fully autonomous holiday village. Numerous entertainment activities are on offer in high season.

There is a whole range of on-site sporting options: sailing, paddle boating, paddleboarding, paddle canoeing, rowing – there are several types of boat available. A small, private port gives easy access to the lake.
