CAMPING DE LA MENTHUE

For those seeking entertainment or simply relaxation in a revitalizing environment, the Menthue campsite is a unique and much sought-after spot: located on the shores of Lake Neuchâtel, at the water's edge. It has a loyal following of regular visitors thanks to the attractive programme of activities for young and old. With its refreshment bar and terrace serving both drinks and food, its well-stocked grocery store, the various entertainments offered in the high season, and its bar located right on the beach, the campsite is a very special place, a favourite venue for campers from all over Europe.

The shaded volleyball court close to the beach, ping-pong tables, paddle boats, and the area reserved for petanque will satisfy the needs of even the most actively minded. And let's not forget the play area for the little ones and the possibility of renting a bike and trailer.
