

BUSINESS TOURISM, YVERDON-LES-BAINS

GRAND HOTEL AND THERMAL CENTRE

A four-star hotel, the Grand Hotel des Bains combines charm and well-being. Linked to the famous Yverdon-les-Bains spa by a glass tunnel, the hotel guarantees comfortable access to the hot springs and all their benefits. Four pools, jacuzzis, Turkish baths, bubble baths, massage jets, etc. for unforgettable relaxation sessions.

Emblematic of the Belle Epoque style of the Grand Hotel des Bains, its splendid rotunda dates from 1896 and is the signature for this historic building. Elegantly decorated, 115 rooms accommodate guests who certainly appreciate the comfort.

Combined with space in the Villa Entremonts, the Grand Hotel des Bains offers fifteen rooms for congresses, seminars, banquets or any other event. The main conference room, fully modular, can be divided into three sections, accommodating up to two hundred people with modern technology and natural lighting.

Important information: The Centre Thermal is currently undergoing works. See Practical Information.
