

SPORT, PRAZ (VULLY)

PUBLIC GIRLS WAKESURF DAY

You don't have to live by the ocean to try wakesurfing. The Wakeboat surf club on Lake Murten creates a wave that only women can catch. Each participant will become the heroine of their own adventure and learn to ride the waves. The team of water sports trainers is 100% female. Beginners can learn to surf from scratch. Even those who have never stood on a surfboard can try it out and experience the adrenaline rush in an almost tropical ambience. Advanced surfers will learn new tricks. On board the brand-new boat, there's plenty of great music and purely positive vibes. Are you on board?
