SPECIAL ACCOMMODATION, SUGIEZ

ATTILA BOUTIQUE BOATEL

The Attila Boutique Boatel invites you to experience an unforgettable cruise on the Three Lakes. Specially designed to combine comfort and elegance, this boat offers a unique experience, allowing you to discover magnificent landscapes as well as uniquely charming towns and villages. On board, every detail is carefully thought out to enrich your stay with a cosy, well-kept touch. Take advantage of this getaway to relax and admire the beauty of the Three Lakes.

The 9 comfortable twin cabins all have an outdoor area from where you can listen to the relaxing sound of the water. Stylishly decorated with attention to detail, the rooms offer everything needed for relaxing hours on the Three Lakes: a private bathroom with shower, a sitting area, a hairdryer, a flat-screen TV, radio, refrigerator, safe and in-house telephone, as well as individually regulated air conditioning.

The menu is small but fine. A hearty breakfast is prepared and served on board. Small snacks and local dishes to satisfy the small hunger are also available. For culinary highlights, selected partner restaurants are visited during the cruise. The highlight of every cruise: the Captain's Dinner on the last evening on board!

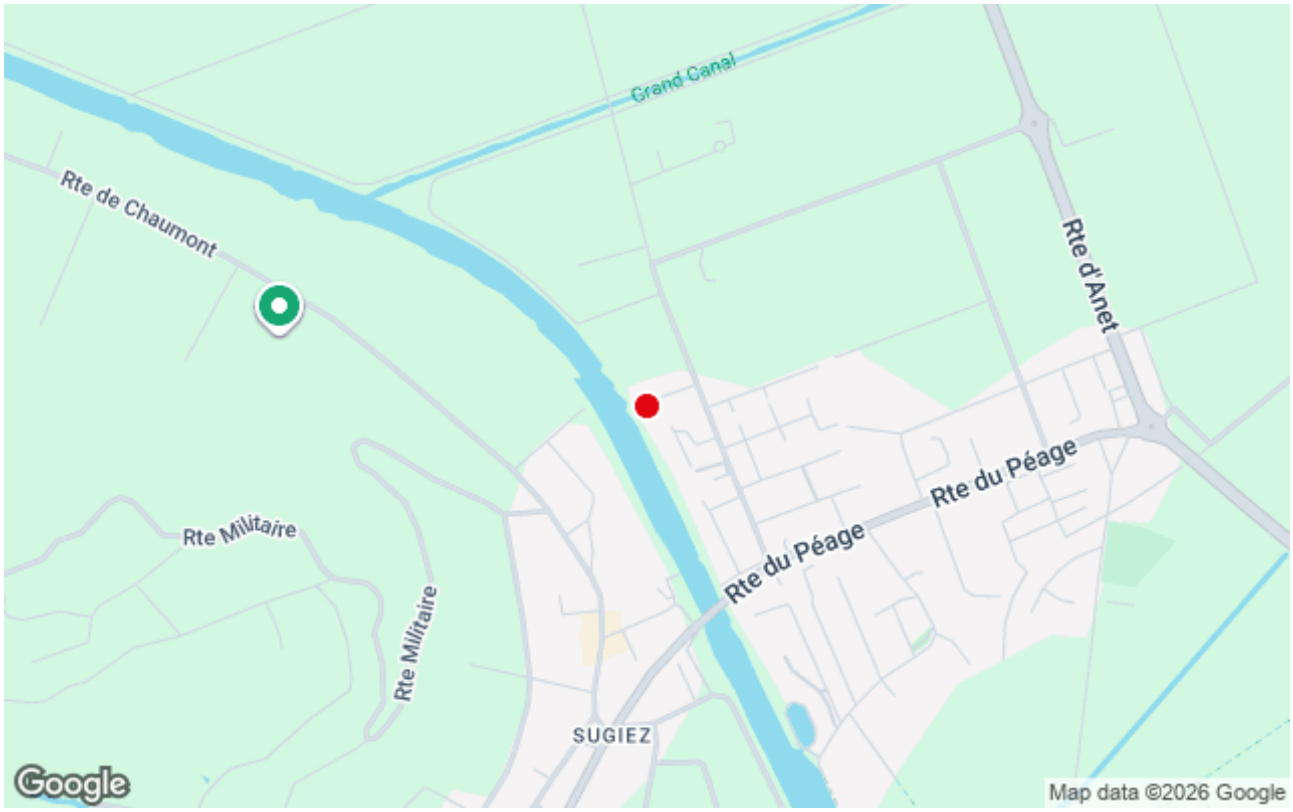

The bar also leaves nothing to be desired. Beer and wine from the region, cool drinks and fine cocktails invite you to spend relaxing and unforgettable hours on deck. If it's too windy or too fresh outside, you can also take a seat inside in the Captain's Lounge. The outdoor area convinces with a partly covered bathing platform, sun loungers on the main deck as well as sun protection and seating groups.
