

COMBINED OFFER, BELLELAY

CHEESE LOVERS

Departure to the Maison de la Tête de Moine in Bellelay. It is a museum, an old-fashioned cheese factory, a café and a grocery store specialized in local products. You will discover a know-how of more than 800 years in the historical birthplace of the famous Tête de Moine PDO cheese.

Afterwards, you will be treated to a typical fondue in a place that is no less typical of the region. Between forests and wooded pastures so authentic, the Bise de Corgémont offers a spectacular view of the Vallon de St-Imier.

After lunch, we meet at the Spielhofer cheese factory in Saint-Imier. Enjoy a breathtaking view of the production premises and discover the cheeses in a fitted out cellar. The family business Spielhofer SA offers an ideal and warm setting to learn all about the production of Tête de Moine.
