ASSOCIATION DES AMIS DE L'ESPACE COURANT D'ART

For around thirty years, the gallery owner Yves Riat has been presenting his public with a selection of mainly regional artists spread across the gallery's various rooms. Yves Riat is firmly committed to promoting quality art and strongly defends the dignity of the artist and the place that art has in our society. A forward-looking attitude and a driving passion have made it possible to organise exceptional events.

Four exhibition rooms were arranged around a central structure and filled with exhibitions that are renewed in a sequential rhythm. In this way, the regular visitor always discovers new works. Even though local artists are given a lot of space, the walls regularly feature works by other artists as well, which our gallery owner has brought back from as far away as Catalonia.

The Espace Courant d'Art is located at the crossroads of three tourist routes in the region and offers a welcome cultural diversion during your visit to the region of Porrentruy.
