# CASBA CHALET - CLOSED

La Casba is situated in the very heart of nature about an hours' walk from the train station at Sainte-Croix. The welcoming mountain chalet can be reached on foot in summer and with snowshoes or skis in winter.

The chalet offers a varied menu with specialities such as rösti galettes, cheese dishes, organic salads, venison (when in season), buffet with syrups and natural sourdough bread baked every Sunday in a wood-fired oven. The chalet is part of the Sainte-Croix / Les Rasses gourmet stroll that can be booked at the Tourist Office.
