# MONT DES CERFS' LODGE

The Mont des Cerfs lodge, an ancient cheese dairy, is situated in the heart of Jura pastures and offers a friendly and authentic ambiance to passing visitors. It is close to the walking trails in summer and the ski slopes and snowshoe trails in winter. Furthermore, from mid-December to mid-March, the lodge offers snowshoe challenge strolls that end with a chocolate fondue.

The specialities include the Bressane fondues and bourguignonne or meat on slate. The ice-creams (vanilla, raspberry, mocha and chocolate) and the absinthe parfait are homemade.

Closed Mondays and Tuesdays during winter season.
