

BUS, MOUTIER

MOUTIER - BELPRAHON - CORCELLES

The Moutier - Belprahon - Corcelles line allows you to reach Le Cornet by PostBus from Moutier. From Belprahon, you can reach the heights of Raimeux on foot. The latter, with its gorges and undulating rocks, is very popular with climbers. The ridge is a treat for the hiker in search of peace and quiet. At an altitude of 1'301 meters, the Raimeux straddles the Bernese Jura and the canton of Jura.

The line also goes several times a day to Corcelles, from where you start a very nice hike to the heights along the Gore Virat stream. Between waterfalls and spectacular gorges, the Gore Virat is the jewel of the Raimeux mountain. The marked trail winds through a rich forest vegetation.
