CHRISTMAS MARKET IN ESTAVAYER

For two days, the medieval village of Estavayer-le-Lac lives to the rhythm of the carillons and Christmas activities. Stands of artisanal and local products snuggle up on the cobblestones of the Grand Rue and in front of the collegiate church of Saint-Laurent. Covered, the market gives pride of place to local merchants but also to merchants from a little further afield. Gourmands or onlookers looking for a personalised gift will find their happiness in the heart of this charming little market.
