

FESTIVITY, FESTIVAL, ERLACH

ERLACH FESTIVAL

Erlach is characterised by its lively cultural life. With its castle, lake and several picturesque performance spaces in Stedtli and the old town, it offers good conditions for a diverse cultural programme. The Erlach Festival also thrives on this diversity. The castle, town hall, wine cellar, music venue and cultural and commercial venues are filled with music ranging from jazz, blues, folk, pop and rock to modern Ländler. Erlach and its spaces can be discovered musically and culinarily at the festival, which always takes place on the Saturday after Whitsun: "Diversity is the programme". The Erlach Festival Association organises this intimate, unadorned and genuine musical experience. Immerse yourself and let yourself be enchanted.
